

Safeter Inc. DPA V2

DATA PROCESSING ADDENDUM

This Data Processing Addendum (“DPA”) forms a part of the Customer Terms and Conditions found at <https://safeter.work/terms-and-conditions/>, unless Customer has entered into a superseding written master subscription agreement with Safeter Inc., in which case, it forms a part of such written agreement (in either case, the “Agreement”).

By signing the DPA, Customer enters into this DPA on behalf of itself and, to the extent required under applicable Data Protection Laws, in the name and on behalf of its Controller Affiliates (defined below). For the purposes of this DPA only, and except where indicated otherwise, the term “Customer” shall include Customer and Controller Affiliates. All capitalized terms not defined herein shall have the meaning set forth in the Agreement. In the course of providing the Services under the Agreement, Safeter may Process certain Personal Data (such terms defined below) on behalf of Customer and where Safeter Processes such Personal Data on behalf of Customer the Parties agree to comply with the terms and conditions in this DPA in connection with such Personal Data.

HOW TO EXECUTE THIS DPA:

1. This DPA consists of two parts: the main body of the DPA, and Exhibit A, B and C (including Appendices 1 and 2).
2. This DPA has been pre-signed on behalf of Safeter. The Standard Contractual Clauses in Exhibit C have been pre-signed by Safeter Inc. as the data importer.
3. To complete this DPA, Customer must:
 - a. Complete the information in the signature box and sign in Section 14.
 - b. Complete the information as the data exporter and sign where required in Exhibit C and Appendices 1 and 2.
 - c. Complete the information in the signature box and sign on Pages 21, 23 and 24.
4. Send the completed and signed DPA to Safeter by email, indicating Customer’s Team or Workplace emails (as set out on the applicable Purchase Orders or as registered), to privacy@safeter.work. Upon receipt of the validly completed DPA by Safeter at this email address, this DPA will become legally binding.

HOW THIS DPA APPLIES TO CUSTOMER AND ITS AFFILIATES

If the Customer entity signing this DPA is a party to the Agreement, this DPA is an addendum to and forms part of the Agreement.

If the Customer entity signing this DPA has executed a Purchase Order with Safeter or its Affiliate pursuant to the Agreement, but is not itself a party to the Agreement, this DPA is an addendum to that Purchase Order and applicable renewal Purchase Orders, and the Safeter entity that is party to such Purchase Order is party to this DPA.

If the Customer entity signing this DPA is neither a party to a Purchase Order nor the Agreement, this DPA is not valid and is not legally binding. Such entity should request that the Customer entity who is a party to the Agreement executes this DPA.

The parties acknowledge and agree that with regard to the Processing of Personal Data, Customer is the Controller, Safeter is the Processor and that Safeter or members of the Safeter Group will engage Sub-processors pursuant to the requirements set forth in Section 4 “Sub-processors” below.

2.2 Customer’s Processing of Personal Data. Customer shall, in its use of the Services and provision of instructions, Process Personal Data in accordance with the requirements of applicable Data Protection Law. Customer shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Customer acquired Personal Data.

2.3 Safeter’s Processing of Personal Data. As Customer’s Processor, Safeter shall only Process Personal Data for the following purposes: (i) Processing in accordance with the Agreement and applicable Purchase Order(s); (ii) Processing initiated by Authorized Users in their use of the Services; and (iii) Processing to comply with other reasonable instructions provided by Customer (e.g., via email or support tickets) that are consistent with the terms of the Agreement (individually and collectively, the “Purpose”). Safeter acts on behalf of and on the instructions of Customer in carrying out the Purpose.

2.4 Details of the Processing. The subject-matter of Processing of Personal Data by Safeter is as described in the Purpose in Section 2.3. The duration of the Processing, the nature and purpose of the Processing, the types of Personal Data and categories of Data Subjects Processed under this DPA are further specified in Exhibit B (Description of Processing Activities) to this DPA.

3. RIGHTS OF DATA SUBJECTS

3.1 Data Subject Requests. Safeter shall, to the extent legally permitted, promptly notify Customer if Safeter receives any requests from a Data Subject to exercise the following Data Subject rights in relation to Personal Data: access, rectification, restriction of Processing, erasure (“right to be forgotten”), data portability, objection to the Processing, or to not be subject to an automated individual decision making (each, a “Data Subject Request”). Taking into account the nature of the Processing, Safeter shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfilment of Customer’s obligation to respond to a Data Subject Request under applicable Data Protection Laws. In addition, to the extent Customer, in its use of the Services, does not have the ability to address a Data Subject Request, Safeter shall, upon Customer’s request, provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent Safeter is legally permitted to do so and the response to such Data Subject Request is required under applicable Data Protection Laws. To the extent legally permitted, Customer shall be responsible for any costs arising from Safeter’s provision of such assistance, including any fees associated with provision of additional functionality.

4. SUB-PROCESSORS

4.1 Appointment of Sub-processors. Customer acknowledges and agrees that (a) Safeter’s Affiliates may be retained as Sub-processors through written agreement with Safeter and (b) Safeter and Safeter’s Affiliates respectively may engage third-party Sub-processors in connection with the provision of the Services. As a condition to permitting a third-party Sub-processor to Process Personal Data, Safeter or a Safeter Affiliate will enter into a written agreement with each Sub-processor containing data protection obligations that provide at least the same level of protection for Personal Data as those in this DPA, to the extent applicable to the nature of the Services provided by such Sub-processor. Customer acknowledges that Safeter Inc. is located in the United States and is involved in providing the Services to Customer either directly or through the provision of support to Safeter. In either case, Customer agrees to enter into the Standard Contractual Clauses set out in Exhibit C and acknowledges that Sub-processors may be appointed by Safeter in accordance with Clause 11 of Exhibit C.

4.2 List of Current Sub-processors and Notification of New Sub-processors. A current list of Sub-processors for the Services, including the identities of those Sub-processors and their country of location, is accessible via <https://safeter.work/gdpr/> (“Sub-processor Lists”). Customer may receive notifications of new Sub-processors by e-mailing privacy@safeter.work with the subject “Subscribe”, and if a Customer contact subscribes, Safeter shall provide the subscriber with notification of new Sub-processor(s) before authorizing such new Sub-processor(s) to Process Personal Data in connection with the provision of the applicable Services.

4.3 Objection Right for New Sub-processors. Customer may reasonably object to Safeter’s use of a new Sub-processor (e.g., if making Personal Data available to the Sub-processor may

violate applicable Data Protection Law or weaken the protections for such Personal Data) by notifying Safeter promptly in writing within ten (10) business days after receipt of Safeter's notice in accordance with the mechanism set out in Section 4.2. Such notice shall explain the reasonable grounds for the objection. In the event Customer objects to a new Sub-processor, as permitted in the preceding sentence, Safeter will use commercially reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening Customer. If Safeter is unable to make available such change within a reasonable period of time, which shall not exceed thirty (30) days, either party may terminate without penalty the applicable Purchase Order(s) with respect only to those Services which cannot be provided by Safeter without the use of the objected-to new Sub-processor by providing written notice to Safeter. Safeter will refund Customer any prepaid fees covering the remainder of the term of such Purchase Order(s) following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.

4.4 Liability. Safeter shall be liable for the acts and omissions of its Sub-processors to the same extent Safeter would be liable if performing the Services of each Sub-processor directly under the terms of this DPA.

5. SECURITY

5.1 Controls for the Protection of Personal Data. Safeter shall maintain appropriate technical and organizational measures for protection of the security (including protection against unauthorized or unlawful Processing and against accidental or unlawful destruction, loss or alteration or damage, unauthorized disclosure of, or access to, Personal Data), confidentiality and integrity of Personal Data, as set forth in the Security Practices. Safeter regularly monitors compliance with these measures. Safeter will not materially decrease the overall security of the Services during a subscription term.

5.2 Third-Party Audits. Upon Customer's request, and subject to the confidentiality obligations set forth in the Agreement, Safeter shall make available to Customer (or Customer's independent, third-party auditor) information regarding the Safeter Group's compliance with the obligations set forth in this DPA in the form of the third-party audits set forth in the Security Practices. Customer may contact Safeter in accordance with the "Notices" Section of the Agreement to request an on-site audit of Safeter's procedures relevant to the protection of Personal Data, but only to the extent required under applicable Data Protection Law. Customer shall reimburse Safeter for any time expended for any such on-site audit at the Safeter Group's then-current rates, which shall be made available to Customer upon request. Before the commencement of any such on-site audit, Customer and Safeter shall mutually agree upon the scope, timing, and duration of the audit, in addition to the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by Safeter. Customer shall promptly notify Safeter with information

regarding any non-compliance discovered during the course of an audit, and Safeter shall use commercially reasonable efforts to address any confirmed non-compliance.

6. PERSONAL DATA INCIDENT MANAGEMENT AND NOTIFICATION

Safeter shall notify Customer without undue delay of any breach relating to Personal Data (within the meaning of applicable Data Protection Law) of which Safeter becomes aware and which may require a notification to be made to a Supervisory Authority or Data Subject under applicable Data Protection Law or which Safeter is required to notify to Customer under applicable Data Protection Law (a "Personal Data Incident"). Safeter shall provide commercially reasonable cooperation and assistance in identifying the cause of such Personal Data Incident and take commercially reasonable steps to remediate the cause to the extent the remediation is within Safeter's control. Except as required by applicable Data Protection Law, the obligations herein shall not apply to incidents that are caused by Customer, Authorized Users and/or any Non-Safeter Products.

7. RETURN AND DELETION OF PERSONAL DATA

Upon termination of the Services for which Safeter is Processing Personal Data, Safeter shall, upon Customer's request, and subject to the limitations described in the Agreement and the Security Practices, return all Personal Data in Safeter's possession to Customer or securely destroy such Personal Data and demonstrate to the satisfaction of Customer that it has taken such measures, unless applicable law prevents it from returning or destroying all or part of Personal Data. For clarification, depending on the Service plan purchased by Customer, access to export functionality may incur additional charge(s) and/or require purchase of a Service upgrade.

8. CONTROLLER AFFILIATES

8.1 Contractual Relationship. The parties acknowledge and agree that, by executing the DPA in accordance with "HOW TO EXECUTE THIS DPA", Customer enters into the DPA on behalf of itself and, as applicable, in the name and on behalf of its Controller Affiliates, thereby establishing a separate DPA between Safeter and each such Controller Affiliate subject to the provisions of the Agreement and this Section 8 and Section 9. Each Controller Affiliate agrees to be bound by the obligations under this DPA and, to the extent applicable, the Agreement. For the avoidance of doubt, a Controller Affiliate is not and does not become a party to the Agreement, and is only a party to the DPA. All access to and use of the Services by Controller Affiliates must comply with the terms and conditions of the Agreement and any violation of the terms and conditions of the Agreement by a Controller Affiliate shall be deemed a violation by Customer.

8.2 Communication. The Customer that is the contracting party to the Agreement shall remain responsible for coordinating all communication with Safeter under this DPA and be entitled to

make and receive any communication in relation to this DPA on behalf of its Controller Affiliates.

8.3 Rights of Controller Affiliates. If a Controller Affiliate becomes a party to the DPA with Safeter, it shall, to the extent required under applicable Data Protection Laws, also be entitled to exercise the rights and seek remedies under this DPA, subject to the following:

8.3.1 Except where applicable Data Protection Laws require the Controller Affiliate to exercise a right or seek any remedy under this DPA against Safeter directly by itself, the parties agree that (i) solely the Customer that is the contracting party to the Agreement shall exercise any such right or seek any such remedy on behalf of the Controller Affiliate, and (ii) the Customer that is the contracting party to the Agreement shall exercise any such rights under this DPA not separately for each Controller Affiliate individually but in a combined manner for all of its Controller Affiliates together (as set forth, for example, in Section 8.3.2, below).

8.3.2 The parties agree that the Customer that is the contracting party to the Agreement shall, if carrying out an on-site audit of the Safeter procedures relevant to the protection of Personal Data, take all reasonable measures to limit any impact on Safeter by combining, to the extent reasonably possible, several audit requests carried out on behalf of different Controller Affiliates in one single audit.

9. LIMITATION OF LIABILITY

Each party's and all of its Affiliates' liability, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Controller Affiliates and Safeter, whether in contract, tort or under any other theory of liability, is subject to the 'Limitation of Liability' section of the Agreement, and any reference in such section to the liability of a party means the aggregate liability of that party and all of its Affiliates under the Agreement and all DPAs together.

For the avoidance of doubt, Safeter's and its Affiliates' total liability for all claims from the Customer and all of its Controller Affiliates arising out of or related to the Agreement and each DPA shall apply in the aggregate for all claims under both the Agreement and all DPAs established under the Agreement, including by Customer and all Controller Affiliates, and, in particular, shall not be understood to apply individually and severally to Customer and/or to any Controller Affiliate that is a contractual party to any such DPA.

10. EUROPEAN SPECIFIC PROVISIONS

Upon Customer's request, Safeter shall provide Customer with reasonable cooperation and assistance needed to fulfil Customer's obligation under the GDPR to carry out a data protection impact assessment related to Customer's use of the Services, to the extent Customer does not otherwise have access to the relevant

information, and to the extent such information is available to Safeter. Safeter shall provide reasonable assistance to Customer in the cooperation or prior consultation with the Supervisory Authority, to the extent required under the GDPR.

10.2 Cross-Border Transfers of Customer Personal Data. Customer authorizes Safeter and its Subprocessors to transfer Customer Personal Data across international borders, including from the EEA, Switzerland, and/or the United Kingdom to the United States.

10.3 Standard Contractual Clauses. The parties agree that, when the transfer of Customer Personal Data from Customer to Safeter is a Restricted Transfer, it shall be subject to the appropriate SCCs as follows:

A data subject may bring legal proceeding against the data exporter and/or data importer before the courts of any county in the UK. The Parties agree to submit themselves to the jurisdiction of such courts";

10.3.3. to extent that and for so long as the EU SCCs cannot be used to lawfully transfer Customer Personal Data in compliance with the UK GPDR, the UK SCCs shall be incorporated by

reference and form an integral part of this DPA and shall apply to transfers of Customer Personal Data governed by the UK GDPR.

10.3.4. in the event that any provision of this DPA contradicts the SCCs (directly or indirectly), the SCCs shall prevail.

10.3.5. The parties agree that, in the event where Data Protection Laws no longer allows the lawful transfer of Customer Personal Data to Safeter and/or requires an alternative transfer solution that complies with Applicable Privacy Law(s), Safeter will make an amendment to this DPA available to Customer to remedy such non-compliance and/or cease processing of Customer Personal Data without penalty.

11. LEGAL EFFECT

This DPA shall only become legally binding between Customer and Safeter when the formalities steps set out in the Section “HOW TO EXECUTE THIS DPA” above have been fully completed. (e) that it will ensure compliance with the security measures;

(f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;

(g) to forward any notification received from the Data Importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the Data Exporter decides to continue the transfer or to lift the suspension;

(h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;

(i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal

data and the rights of data subject as the Data Importer under the Clauses; and (j) that it will ensure compliance with Clause 4(a) to (i).

Clause 5

Obligations of the Data Importer

The Data Importer agrees and warrants:

(a) to process the personal data only on behalf of the Data Exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the Data Exporter of its inability to comply, in which case the Data Exporter is entitled to suspend the transfer of data and/or terminate the contract;

(b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the Data Exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the Data Exporter as soon as it is aware, in which case the Data Exporter is entitled to suspend the transfer of data and/or terminate the contract;

(c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;

(d) that it will promptly notify the Data Exporter about:

(i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,

(ii) any accidental or unauthorised access, and

(iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

(e) to deal promptly and properly with all inquiries from the Data Exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

(f) at the request of the Data Exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the Data Exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the Data Exporter, where applicable, in agreement with the supervisory authority;

(g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for sub-processing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the Data Exporter;

(h) that, in the event of subprocessing, it has previously informed the Data Exporter and obtained its prior written consent;

(i) that the processing services by the subprocessor will be carried out in accordance with Clause 11;

(j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the Data Exporter.

Clause 6

Liability

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the Data Exporter for the damage suffered.

2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the Data Exporter, arising out of a breach by the Data Importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the Data Exporter has factually disappeared or ceased to exist in law or has become insolvent, the Data Importer agrees that the data subject may issue a claim against the Data Importer as if it were the Data Exporter, unless any successor entity has assumed the entire legal obligations of the Data Exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The Data Importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the Data Exporter or the Data Importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the Data Exporter and the Data Importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the Data Exporter or the Data Importer, unless any successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7

Mediation and jurisdiction

1. The Data Importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the Data Importer will accept the decision of the data subject:

(a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;

(b) to refer the dispute to the courts in the Member State in which the Data Exporter is established.

2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8

Cooperation with supervisory authorities

1. The Data Exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.

2. The parties agree that the supervisory authority has the right to conduct an audit of the Data Importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the Data Exporter under the applicable data protection law.

3. The Data Importer shall promptly inform the Data Exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the Data Importer, or any subprocessor, pursuant to paragraph 2. In such a case the Data Exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9

Governing Law

The Clauses shall be governed by the law of the Member State in which the Data Exporter is established.

Clause 10

Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11

Subprocessing

1. The Data Importer shall not subcontract any of its processing operations performed on behalf of the Data Exporter under the Clauses without the prior written consent of the Data Exporter. Where the Data Importer subcontracts its obligations under the Clauses, with the consent of the Data Exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the Data Importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the Data Importer shall remain fully liable to the Data Exporter for the performance of the sub-processor's obligations under such agreement.
2. The prior written contract between the Data Importer and the subprocessor shall also provide for a third- party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the Data Exporter or the Data Importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the Data Exporter is established.
4. The Data Exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the Data Importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the Data Exporter's data protection supervisory authority.

Clause 12

Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the Data Importer and the subprocessor shall, at the choice of the Data Exporter, return all the personal data transferred and the copies thereof to the Data Exporter or shall destroy all the personal data and certify to the Data Exporter that it has done so, unless legislation imposed upon the Data Importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the Data Importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The Data Importer and the subprocessor warrant that upon request of the Data Exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.
